GN-301-1	Cantilever Shelves for 600 deep Cabs
GN-301-1(8)	Cantilever Shelves for 600 deep Cabs

Wall mount cabinets are of a rigid frame structure, with a load rating of 60 Kg, cable entry from top and bottom, front section with glass door, keys and locks, quickly removable side panels, provision for optional lock, construction from 1.2 mm steel, fan option with effective ventilation, 2 pairs of 19" movable vertical extrusion.

Standard colour is Ral 9004 black.

The 2 part wall mount cabinet consists of a swing frame construction which adds to the flexibility of operation and maintenance. It allows easy access to the rear of the cabinet and equipment once already mounted on the wall.
